**Fundraising events\*** This committee would work all year round to organize any events that support fundraising activities, separate to the other committees listed. The Chair will work with the Communications Secretary to engage the Little Carver Community in the activities.

School Store\*- Our school store sells uniform polos, performance shirts and spirit wear. The committee chair would need to monitor stock levels and order when needed, process orders placed through memberhub and organize delivery via pick up days ahead of school starting or via Ms Bolden at school. The majority of the activity takes place ahead of the new school year.

An example is the jars of love we gave the teachers on Valentines day, which were full of sweet treats and stationary gifts.

**Membership drive** – This looks after our PTA members. First by recruiting as many parents are possible to join the PTA in our big push in August and September. Then by making sure the members that join are linked into the PTA activities they wish to participate in i.e. teacher appreciation.

**Alumni Relations** – This Committee Chair will work with VP2 to reach out to Alumni of GW Carver Elementary and engage them in current activities including fundraising and participating in events.
